Flush-mount American box for 4 half elements (2 elements) linkable for masonry partition wall

REF. **27711-31**

BASIC INFORMATION

DESCRIPTION

Belonging to the Simon 27 Centralisations series, we find this box to be recessed in american style and perfect for 4 half elements (2 elements). It is a box linkable and that is used for masonry wall. It has 4 modules and works perfectly in environments whose temperature ranges between 5 and 40ºC, although it is true that is a box to be recessed that it can withstand extreme temperatures of -25 to 50ºC. Manufactured in thermoplastic of colour black (an option very stylish), this box has dimensions of 127x70 and 42 mm depth and it can be installed both horizontally and vertically. The Simon 27 Centralisations series is a system of modular parts that incorporates different accessories and features that provide versatility and easy to the electrical installation that from performing. Also, you will be able to extend the installation, both in surface-mounted and in the version to be recessed.
