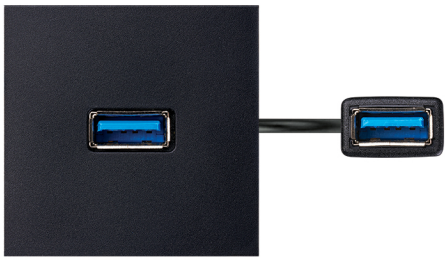
USB 3.0 type A female-to-female patch cord with trim plate black Simon 400

REF. **40001197-038**



simon

BASIC INFORMATION

DESCRIPTION

Simon updates its range of multimedia connectors for the K45 and S400 series. This time, we present the new USB Type-A 3.0 patch cord, featuring a female-to-female format for direct, hassle-free connections—saving installation time. It offers transfer speeds of up to 5 Gbps, improved power management for more efficient charging, and full-duplex capability for simultaneous data transmission and reception. These features make it ideal for heavy data transfers such as multimedia files or powering high-demand devices when using an external power source. Integrated into a black trim plate, it can be clipped into any K45 series enclosure, as well as Simon 500 Cima using the range adapter.

FINISH

Black

MATERIAL

Polycarbonate

COMPATIBILITY

Simon S400 enclosures for installation in the Top, In Desk and In Desk Duo ranges, suitable for surface mounting on desks or integrated into technical furniture depending on the selected configuration.

REMARKS

To complete the installation of the product, it must be combined with Simon 400 functions (refs. 400XXXXX-03X).
