Base for surface mount box for frame with 1 row for 2 elements white Simon 27 Centralisations

REF. **27860-35**

BASIC INFORMATION

DESCRIPTION

The box socket of the Simon 27 Centralizations series (that is a system of modular parts with different accessories that provide versatility and easy to your installation; and that you can expand whenever you want), is of type surface-mounted and is used for 1 row frame and for 2 elements. It has 4 modules and is made of thermoplastic and is white in colour perfect to install it in the horizontal position. It measures 98x150 and 40 mm depth and can be used in spaces with temperatures with between 5 and 40ºC, although it can also withstand maximum temperatures of -25 to 50ºC. To clean this box socket of the Simon 27 Centralizations series you will only need it, moisten a cloth slightly moistened in soapy water and never use any type of a cloth and / or abrasive cleaners that contains some chlorine in its formulas and in its composition.
