SKYTEC™

FILTERING FACEPIECE RESPIRATORS

A-2CV

P2 disposable respirator

The A SERIES range of respirators combine the benefits of a fold flat respirator with a colour coded Alphamesh shell to prevent collapse onto the face. Suitable for protection against a broad range of particulate hazards.

Features

- Electrostatic filter media for low breathing resistance
- Lightweight alphamesh shell designed to maintain shape
- Vertical fold flat design for easy storage in a pocket
- Individually packed
- Continuous loop head strap for easy fitting
- Preformed nose bridge; does not require frequent adjustment
- Colour coded for ease of identification
- Metal free

Certifications

EN 149:2001
+ A1:2009

Suitable industries & applications

Industries

- Food Production
- Construction
- Healthcare

Applications

- Chemical Handling and Containment
- Metal Fabrication Work
- Woodwork and Fabrication
