MULTI PURPOSE

383

A durable, breathable, biodegradable glove with excellent fingertip sensitivity

The SHOWA 383 protects workers who switch between general handling and intricate assembly tasks. Featuring Showa EBT technology, it contains a durable, microporous nitrile coating that delivers excellent levels of grip in dry and light oily conditions.

Features

- Engineered with Eco Best Technology, making the glove biodegradable in biologically active landfills
- 13g biodegradable polyester liner is soft and comfortable
- Embossed nitrile palm finish disperses oil to increase grip and longevity in light oily environments
- Microporous nitrile coating allows warm air and moisture from inside to escape
- Protects from oils, grease and abrasion (8000 cycles)
- Natural rubber latex free to avoid any risks of allergies
- Protects from oils, grease and abrasion (8000 cycles)
- Natural rubber latex free to avoid any risks of allergies
