708

Food safe nitrile glove with excellent grip

The SHOWA 708 is a liquid-proof glove with high chemical resistance and a fish scale pattern for excellent grip in wet conditions. Thicker (0.23mm) than standard nitrile gloves, it offers enhanced rip and puncture resistance, making it ideal for food industry professionals.

Features

- Lightweight 100% nitrile for a comfortable second skin feel
- Fish scale pattern grip to palm and back of hand for safe handling in wet and oily conditions
- Suitable for use with all food categories for short term, repeated contact
- Unflocked to prevent the risk of food contamination
- Ambidextrous for quick and easy donning
- Beaded cuff prevents drops entering the glove
- Latex-free to avoid type I and type IV latex allergies
- Blue colour allows for detectability in food processing applications
