CUT PROTECTION

Flecta-5

Enhanced visibility glove featuring high level cut protection

High visibility micro foam nitrile grip glove offering level 5/E cut resistance. Ideal for manual handling where the risk of cuts is high and hand visibility is important.

Features

- HPPE, steel and polyester liner provides excellent cut resistance
- Enhanced hand visibility in poor and fading light
- Helps to distinguish the wearer from his/her immediate environment
- Micro nitrile foam coating provides excellent grip in dry as well as greasy conditions
- Elasticated wrist provides a secure and comfortable fit
- Good mechanical resistance
- Breathable back of hand
