| Emerge                                 | ncy tel: + 44 1535 509 003                                     |  |  |
|  | (office hours only)  |  |  |
| SECTION 2: Hazard                      | ds identification  |  |  |
| 2.1. Classification o                  | f the substance or mixture                                     |  |  |
| Classification (EC 1                   |  |  |  |
| Physical hazards                       | Not Classified   |  |  |
| Health hazards                         | Not Classified   |  |  |
| Environmental haza                     | Irds Not Classified  |  |  |
| 2.2. Label elements                    |  |  |  |
| Hazard statements                      | NC Not Classified  |  |  |

#### MINIML WHITE VINEGAR

# Precautionary statements P101 If medical advice is needed, have product container or label at hand. P102 Keep out of reach of children. P103 Read label before use. P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

# 2.3. Other hazards

This product does not contain any substances classified as PBT or vPvB.

# SECTION 3: Composition/information on ingredients

| 3.2. Mixtures   |                      |      |
|---|----------------------|------|
| acetic acid %   |                      | 1-5% |
| CAS number: 64-19-7   | EC number: 200-580-7 |      |
| <b>Classification</b><br>Flam. Liq. 3 - H226<br>Acute Tox. 4 - H312 |                      |      |
| Skin Corr. 1A - H312<br>STOT SE 3 - H335                            |                      |      |

The Full Text for all R-Phrases and Hazard Statements are Displayed in Section 16.

| SECTION 4: First aid measures   |  |  |
|---|--|--|
| 4.1. Description of first aid measures  |  |  |
| Inhalation  | Move affected person to fresh air at once. Get medical attention if any discomfort continues.  |  |
| Ingestion   | Keep affected person warm and at rest. Do not induce vomiting unless under the direction of medical personnel. Rinse mouth thoroughly with water. Give plenty of water to drink. Get medical attention if any discomfort continues. If in doubt, get medical attention promptly. |  |
| Skin contact  | Remove the spilled product with soap and water or suitable skin cleanser. Get medical attention if symptoms persist.   |  |
| Eye contact   | If possible, remove any contact lenses immediately.<br>Rinse immediately with warm water 15-20 minutes with wide open eyes; Immediately<br>transport the injured to hospital.<br>Important! Rinse also during transport to hospital (ophthalmologist).                           |  |
| 4.2. Most important symptom   | oms and effects, both acute and delayed  |  |
| General information   | The product is considered to be a low hazard under normal conditions of use. See Section 11 for additional information on health hazards.  |  |
| Inhalation  | May cause respiratory irritation.  |  |
| Ingestion   | May be harmful if swallowed.   |  |
| Skin contact  | Prolonged skin contact may cause temporary irritation. Skin irritation should not occur when used as recommended.  |  |
| Eye contact   | May cause discomfort.  |  |
| 4.3. Indication of any immediate medical attention and special treatment needed |  |  |

Page: 2

MINIML WHITE VINEGAR

Page: 3

|   | raye.  |  |
|---|--|--|
| Notes for the doctor                          | Treat symptomatically.   |  |
| Specific treatments                           | No recommendation given, but first aid may still be required in case of accidental exposure, inhalation or ingestion of this chemical. If in doubt GET MEDICAL ATTENTION PROMPTLY!                       |  |
| SECTION 5: Firefighting meas                  | sures  |  |
| 5.1. Extinguishing media                      |  |  |
| Suitable extinguishing media                  | The product is not flammable. Extinguish with foam, carbon dioxide or dry powder.  |  |
| 5.2. Special hazards arising from             | om the substance or mixture  |  |
| Specific hazards                              | The product is non-combustible. The product is not flammable.  |  |
| Hazardous combustion<br>products              | Oxides of carbon. Thermal decomposition or combustion may liberate carbon oxides and other toxic gases or vapours.   |  |
| 5.3. Advice for firefighters                  |  |  |
| Special protective equipment for firefighters | Wear positive-pressure self-contained breathing apparatus (SCBA) and appropriate protective clothing.  |  |
| SECTION 6: Accidental release                 | e measures   |  |
| 6.1. Personal precautions, pro                | tective equipment and emergency procedures   |  |
| Personal precautions                          | Avoid inhalation of vapours. Avoid contact with eyes and prolonged skin contact. Use recommended protective equipment, see section 8. Ensure good ventilation.   |  |
| For non-emergency personnel                   | Remove persons for safety reasons  |  |
| For emergency responders                      | Wear breathing apparatus if exposed to vapours/spray/gases   |  |
| 6.2. Environmental precautions                |  |  |
| Environmental precautions                     | Not considered to be a significant hazard due to the small quantities used. Avoid discharge into drains or watercourses or onto the ground.  |  |
| 6.3. Methods and material for                 | containment and cleaning up  |  |
| Methods for cleaning up                       | Absorb spillage with non-combustible, absorbent material. Collect and place in suitable waste disposal containers and seal securely. Dispose of contents/container in accordance with local regulations. |  |
| 6.4. Reference to other section               | ns   |  |
| Reference to other sections                   | For personal protection, see Section 8. For waste disposal, see Section 13.  |  |
| SECTION 7: Handling and sto                   | rage   |  |
| 7.1. Precautions for safe hand                | ling   |  |
| Usage precautions                             | Avoid contact with eyes and prolonged skin contact. Avoid inhalation of vapours and spray/mists. Provide adequate ventilation.   |  |
| Advice on general occupational hygiene        | When using do not eat, drink or smoke. Wash contaminated skin thoroughly after handling.   |  |
| 7.2. Conditions for safe storag               | e, including any incompatibilities   |  |
| Storage precautions                           | This product should be kept inaccessible to small children and well separated from products intended to be consumed. Store cool and only in original packaging.  |  |
| Storage class                                 | Unspecified storage.   |  |
| 7.3. Specific end use(s)                      |  |  |

# MINIML WHITE VINEGAR

Specific end use(s)

The identified uses for this product are detailed in Section 1.2.

#### SECTION 8: Exposure controls/Personal protection

# 8.1. Control parameters

# Occupational exposure limits

# acetic acid ... %

Long-term exposure limit (8-hour TWA): 10 ppm 25 mg/m3. Short-term exposure limit (15-minute): 15 ppm 37 mg/m3 IOELV

IOELV = Indicative occupational exposure limit value.

#### acetic acid ... % (CAS: 64-19-7)

| DNEL | Workers - Inhalation; Long term local effects: 25 mg/m <sup>3</sup><br>Consumer - Inhalation; Long term local effects: 25 mg/m <sup>3</sup> |
|------|---|
| PNEC | Fresh water; 3.058 mg/l<br>marine water; 0.3058 mg/l<br>Intermittent release; 30.58 mg/l<br>Sediment (Freshwater); 11.36 mg/kg              |
|      | Sediment (Marinewater); 1.136 mg/kg<br>Soil; 0.478 mg/kg<br>STP; 85 mg/l  |

# 8.2. Exposure controls

#### Protective equipment

| Appropriate engineering controls | Avoid inhalation of vapours and spray/mists. Provide adequate ventilation.  |
|----------------------------------|---|
| Eye/face protection              | Wear eye protection.  |
| Hand protection                  | Wear protective gloves. Gloves made from the following material may provide suitable chemical protection: Rubber (natural, latex). Polyvinyl chloride (PVC). Nitrile rubber. It should have a minimum thickness of 0.55mm |
| Other skin and body protection   | Wear appropriate clothing to prevent any possibility of skin contact.   |
| Hygiene measures                 | Wash hands thoroughly after handling. Do not smoke in work area.  |
| Respiratory protection           | No specific requirements are anticipated under normal conditions of use.  |
| Environmental exposure controls  | Ensure all engineering measures mentioned in section 7 of this SDS are in place   |

# **SECTION 9: Physical and chemical properties**

# 9.1. Information on basic physical and chemical properties

| Appearance | Clear liquid. |
|------------|---------------|
| Colour     | Colourless.   |
| Odour      | Lemon         |

# MINIML WHITE VINEGAR

| Odour threshold                              | No specific test data are available.                               |
|--|--|
| рН   | pH (concentrated solution): 2.5                                    |
| Melting point                                | Not applicable.  |
| Initial boiling point and range              | Not available.   |
| Flash point                                  | This product does not sustain combustion.                          |
| Evaporation rate                             | No information available.  |
| Evaporation factor                           | Not available.   |
| Flammability (solid, gas)                    | Not applicable.  |
| Upper/lower flammability or explosive limits | Not applicable.  |
| Other flammability                           | Not applicable.  |
| Vapour pressure                              | Not known.   |
| Vapour density                               | Not known.   |
| Relative density                             | 1.0 - 1.005 g/ml   |
| Bulk density                                 | Not determined.  |
| Solubility(ies)                              | Soluble in water.  |
| Partition coefficient                        | Data lacking.  |
| Auto-ignition temperature                    | Not known.   |
| Decomposition Temperature                    | Not determined.  |
| Viscosity                                    | No information available.  |
| Explosive properties                         | Not applicable.  |
| Explosive under the influence of a flame     | Not considered to be explosive.                                    |
| Oxidising properties                         | Does not meet the criteria for classification as oxidising.        |
| 9.2. Other information                       |  |
| Refractive index                             | No information required.   |
| Particle size                                | No specific test data are available.                               |
| Molecular weight                             | No information required.   |
| Volatility                                   | Not available.   |
| Saturation concentration                     | Not applicable.  |
| Critical temperature                         | Not applicable.  |
| Volatile organic compound                    | No information required.   |
| SECTION 10: Stability and rea                | ctivity  |
| 10.1. Reactivity                             |  |
| Reactivity                                   | There are no known reactivity bazards associated with this product |

Reactivity

There are no known reactivity hazards associated with this product.

10.2. Chemical stability

**Page:** 5

# MINIML WHITE VINEGAR

| Stability                                | No particular stability concerns.  |  |  |
|--|--|--|--|
| 10.3. Possibility of hazardous reactions |  |  |  |
| Possibility of hazardous reactions       | No specific material or group of materials is likely to react with the product to produce a hazardous situation. |  |  |
| 10.4. Conditions to avoid                |  |  |  |
| Conditions to avoid                      | There are no known conditions that are likely to result in a hazardous situation.                                |  |  |
| 10.5. Incompatible materials             |  |  |  |
| Materials to avoid                       | No specific material or group of materials is likely to react with the product to produce a hazardous situation. |  |  |
| 10.6. Hazardous decomposition products   |  |  |  |
| Hazardous decomposition<br>products      | No known hazardous decomposition products.   |  |  |

# SECTION 11: Toxicological information

# 11.1. Information on toxicological effects

| <u></u>  |  |
|--|--|
| Toxicological effects  | We have not carried out any animal testing for this product. Any ATE figures quoted below are<br>from Toxicity Classifications that<br>have been carried out using ATE (Acute Toxicity Estimate) Calculation Method using LD50 or<br>ATE figures provided by the Raw<br>Material Manufacturer. |
| Other health effects   | No Data recorded   |
| Acute toxicity - oral<br>Notes (oral LD∞)                      | Based on available data the classification criteria are not met.   |
| Acute toxicity - dermal<br>Notes (dermal LD₅₀)                 | Based on available data the classification criteria are not met.   |
| Acute toxicity - inhalation<br>Notes (inhalation LC₅₀)         | Based on available data the classification criteria are not met.   |
| Skin corrosion/irritation<br>Skin corrosion/irritation         | Based on available data the classification criteria are not met.   |
| Serious eye damage/irritation<br>Serious eye damage/irritation | Based on available data the classification criteria are not met.   |
| Respiratory sensitisation<br>Respiratory sensitisation         | Based on available data the classification criteria are not met.   |
| Skin sensitisation<br>Skin sensitisation                       | Based on available data the classification criteria are not met.   |
| Germ cell mutagenicity<br>Genotoxicity - in vitro              | Does not contain any substances known to be mutagenic.   |
| Carcinogenicity<br>Carcinogenicity                             | Based on available data the classification criteria are not met.   |
| Reproductive toxicity<br>Reproductive toxicity - fertility     | Based on available data the classification criteria are not met.   |

# MINIML WHITE VINEGAR

| Specific target organ toxicity -   | single exp   | oosure   |  |
|--|--|--|--|
| <b>STOT - single exposure</b> Based on available data the classification criteria are not met. |  |  |  |
| Specific target organ toxicity -   | repeated   | exposure   |  |
| STOT - repeated exposure   | Based o  | n available data the classification criteria are not met.                      |  |
| Aspiration hazard  |  |  |  |
| Aspiration hazard  | Aspiration hazard Based on the available information, classification criteria are not met. |  |  |
| Toxicological information on in  | gredients  | <u>.</u>   |  |
|  |  | acetic acid %  |  |

| SECTION 12: Ecological inform  | nation   |  |  |
| 12.1. Toxicity   |  |  |  |
| Toxicity   | The proc   | duct contains a substance which is harmful to aquatic organisms.               |  |
| 12.2. Persistence and degrada  | bility   |  |  |
| Persistence and degradability  | The proc   | duct is biodegradable.   |  |
| 12.3. Bioaccumulative potentia   | 1  |  |  |
| Bioaccumulative potential  | The proc   | duct is not bioaccumulating.   |  |
| Partition coefficient  | Data lac   | king.  |  |
| 12.4. Mobility in soil   |  |  |  |
| Mobility   | The proc   | duct is miscible with water and may spread in water systems.                   |  |
| 12.5. Results of PBT and vPvE  | 3 assessm  | nent   |  |
| Results of PBT and vPvB<br>assessment  | This sub   | stance is not classified as PBT or vPvB according to current EU criteria.      |  |
| 12.6. Other adverse effects  |  |  |  |
| Other adverse effects  |  | ush into surface water or sanitary sewer system.<br>Ibsoil penetration.        |  |

# SECTION 13: Disposal considerations 13.1. Waste treatment methods General information The generation of waste should be minimised or avoided wherever possible. Dispose of waste product or used containers in accordance with local regulations Disposal methods Dispose of waste to licensed waste disposal site in accordance with the requirements of the local Waste Disposal Authority. Waste class The waste code classification is to be carried out according to the European Waste Catalogue (EWC). SECTION 14: Transport information The product is not covered by international regulations on the transport of dangerous goods

(IMDG, IATA, ADR/RID). Road transport notes Not regulated. Rail transport notes Not regulated.

Sea transport notes Not classified.

Air transport notes Not classified.

14.1. UN number

Not applicable.

# 14.2. UN proper shipping name

Not applicable.

# 14.3. Transport hazard class(es)

Not regulated.

# 14.4. Packing group

Not applicable.

# 14.5. Environmental hazards

Environmentally hazardous substance/marine pollutant No.

# 14.6. Special precautions for user

Ensure that persons transporting the product know what to do in the event of an accident or spillage. Always transport in closed containers that are upright and secure.

# 14.7. Transport in bulk according to Annex II of MARPOL and the IBC Code

Transport in bulk according to Not relevant. Annex II of MARPOL 73/78 and the IBC Code

#### SECTION 15: Regulatory information

#### 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

UFI

UFI: Q1E0-T0M2-J001-XJ20

# MINIML WHITE VINEGAR

EU legislationRegulation (EC) No 1272/2008 of the European Parliament and of the Council of 16<br/>December 2008 on classification, labelling and packaging of substances and mixtures (as<br/>amended).<br/>Regulation (EC) No 1907/2006 of the European Parliament and of the Council of 18<br/>December 2006 concerning the Registration, Evaluation, Authorisation and Restriction of<br/>Chemicals (REACH) (as amended).<br/>Regulation (EC) No 648/2004 of the European Parliament and of the Council of 31 March<br/>2004 on detergents (as amended).

# 15.2. Chemical safety assessment

No chemical safety assessment has been carried out.

#### **SECTION 16: Other information**

| Abbreviations and acronyms<br>used in the safety data sheet | <ul> <li>ATE: Acute Toxicity Estimate.</li> <li>ADR: European Agreement concerning the International Carriage of Dangerous Goods by<br/>Road.</li> <li>ADN: European Agreement concerning the International Carriage of Dangerous Goods by<br/>Inland Waterways.</li> <li>CAS: Chemical Abstracts Service.</li> <li>DNEL: Derived No Effect Level.</li> <li>GHS: Globally Harmonized System.</li> <li>LCse: Lethal Concentration to 50 % of a test population.</li> <li>LDse: Lethal Dose to 50% of a test population (Median Lethal Dose).</li> <li>PNEC: Predicted No Effect Concentration.</li> <li>REACH: Registration, Evaluation, Authorisation and Restriction of Chemicals Regulation<br/>(EC) No 1907/2006.</li> <li>SVHC: Substances of Very High Concern.</li> <li>vPvB: Very Persistent and Very Bioaccumulative.</li> <li>IARC: International Agency for Research on Cancer.</li> <li>MARPOL 73/78: International Convention for the Prevention of Pollution From Ships, 1973 as<br/>modified by the Protocol of 1978.</li> <li>cATpE: Converted Acute Toxicity Point Estimate.</li> <li>ECse: 50% of maximal Effective Concentration.</li> <li>LOAEC: Lowest Observed Adverse Effect Concentration.</li> <li>LOAEC: Lowest Observed Adverse Effect Level.</li> <li>LOEC: Lowest Observed Effect Concentration.</li> <li>DMEL: Derived Minimal Effect Level.</li> <li>RID: European Agreement concerning the International Carriage of Dangerous Goods by<br/>Rail.</li> <li>IATA: International Air Transport Association.</li> <li>IMDG: International Maritime Dangerous Goods.</li> </ul> |

Hazard statements in full

H226 Flammable liquid and vapour.
 H312 Harmful in contact with skin.

H314 Causes severe skin burns and eye damage.

H318 Causes serious eye damage.

H335 May cause respiratory irritation.
