FEATURES

- For the installation of PV systems with MC4 and MC4 EVO 2 connectors
- With improved crimp geometry for very good conductivity
- For installations on residential and industrial buildings or on isolated systems such as mobile homes
- Consistently high crimping quality due to precision dies and ratchet mechanism (unlockable)
- Precise, factory-set (calibrated) crimping pressure
- High crimping force due to efficient lever action
- Good handling thanks to favourable handle position, low weight, short design and ergonomically shaped handles
- Crimping die is not exchangeable
