

# 110V 4-WAY SPLITTER BOX

Stock No: 30624

Read this manual in full before using this product and retain it for future use. Always use the latest version of the manual. Please visit [drapertools.com/manuals](http://drapertools.com/manuals) for the latest version.

## 1. Intended Use

This 4-way splitter box is designed to extend the power supply from one unit via four 16A CEE sockets. Suitable for electric power tools and lighting products on worksite.

Any other application beyond the conditions established for use will be considered misuse. Draper Tools accepts no responsibility for improper use of this product.

## 2. Specification

Stock No.	30624
Part No.	110VSA
Input voltage:	110V AC
Input frequency:	50Hz
Input amperage:	16A
Output voltage:	4 x 110V AC
Output amperage:	16A
Insulation class:	Class I
Max. ambient temperature:	20°C
No. of output sockets:	4 X 16A
Power cord length:	2M
IP rating:	IP44
Net weight:	2.3kg

## 3. Health and Safety Information

**Important:** Read all the Health and Safety instructions before attempting to operate, maintain or repair this product. Failure to follow these instructions may result in injury or damage to the user or the product.

- Maintain the junction box in good condition. **ALWAYS** check the junction box, sockets and power cord for signs of damage or wear before **EVERY** use. Any repairs must be carried out by a fully qualified electrician.

**WARNING! DO NOT use the product if it is damaged in any way.**

- **DO NOT** use this product in environments where flammable or explosive substances are present.
- **ALWAYS** ensure that this product is compatible with the intended power supply; it is intended **ONLY** for connection using an industrial CEE plug and socket outlet rated at 110V/16A.
- This is a Class I appliance: there **MUST** be an earth connection in the power supply.
- **ALWAYS** ensure that this product is compatible with the tool to be connected; it is **ONLY** intended to supply 110V AC power.
- Extension cords may be used with the 110V outputs but must **NOT** exceed 50m in length.
- The supply cord is not replaceable. If the cord is damaged the junction box will need to be disposed of.
- **DO NOT** pull or carry the product by the power cord or use the cord to remove the plug from a socket.
- Keep this product out of reach of children.
- **DO NOT** expose this product to liquids, wet environments or frost.
- **NEVER** exceed the maximum rated load of the product.
- **ALWAYS** operate, transport and store this product in an upright position.

## 6. Disposal

At the end of its working life, dispose of the product responsibly and in line with local regulations. Recycle where possible.

- **DO NOT** dispose of this product with domestic waste; most local authorities provide appropriate recycling facilities.
- **DO NOT** incinerate this product as this may release toxic or corrosive substances.

## 7. Warranty

Should the tool develop a fault, return the complete tool to your nearest distributor or contact Draper Tools directly. Proof of purchase must be provided.

If, upon inspection, it is found that the fault occurring is due to defective materials or workmanship, repairs will be carried out free of charge. This warranty covers parts and labour for 12 months. However, if the tools are hired out, the warranty period is 90 days from the date of purchase.

This warranty does not apply to any consumable parts, batteries or normal wear and tear, nor does it cover any damage caused by misuse, careless or unsafe handling, alterations, accidents, or repairs attempted or made by any personnel other than the authorised Draper Tools repair agent.

Visit [drapertools.com/warranty](https://www.drapertools.com/warranty) for full details.

## 8. Explanation of Symbols
