DESCRIPTION

For an exceptionally versatile storage solution, explore the BUNKER® 14-piece modular storage combo set featuring a 2040mm hardwood worktop. Each unit is manufactured from premium-quality steel and finished with a matt black textured industrial coating, ensuring outstanding durability and longevity.

The floor cabinets in this set have adjustable shelves for added convenience and smooth, soft-close drawers with foam linings for tool protection. Additionally, the cabinets are topped with our stylish and durable hardwood worktop, offering extra surface space for various tasks.

Our modular wall cabinets feature lift-up doors, smoothly operated by quiet gas struts, ensuring effortless opening and closing. The three back panels serve as pegboards, equipped with pre-cut holes for easy access to power supplies, making them perfect for storing hand tools and showcasing them for easy access whenever required.

Transform your space with BUNKER® today and browse our online stockists.

Important Information: Bunker Hardwood Worktops and Shelves

Bunker worktops and shelves are made from hardwood and are sealed with a clear lacquer. Wood is a natural material, and no two tops will be identical in appearance.

There will be a natural variation in colour, grain and will not be an exact match to any representation in brochures or on websites.

Wooden tops are not suitable for use in damp environments and require maintenance to retain and preserve their appearance.

We are unable to offer a Next Day or a Weekend delivery service on the BUNKER® combo range. This allows us to carefully pack your order before being despatched. You will be contacted to arrange a suitable date for delivery. BUNKER® combos are sent on pallets. Their high quality construction means that some products are heavy and will require two people to lift them. Tools not included.
