FEATURES

- Holds suspension split hub open facilitating removal and installation of suspension struts
- Double-ended design for use on both larger upper split hubs and lower ball joint split joints
- Made from chrome molybdenum with black phosphate finish for durability and corrosion protection
- Compatible with 10mm hand tools and a maximum torque of 13Nm
- Suitable for Audi, BMW, Citroën, Ford, Peugeot and Volkswagen

DESCRIPTION

This compact hub clamp spreader tool is designed to hold the suspension split hub open, facilitating the removal and installation of suspension struts. Its double-ended design allows for use on both larger upper split hubs and lower ball joint split joints without risk of damage. Made from chrome molybdenum with a black phosphate finish for durability and corrosion protection. It is compatible with 10mm hand tools and can handle a maximum torque of 13Nm. Suitable for use on vehicles from Audi, BMW, Citroën, Ford, Peugeot, and Volkswagen.
