

# Flat Wood Drill Bit, 25 x 152mm

STOCK No. 41784    BRAND Draper

BARCODE 5010559417841

WARRANTY Consumable Warranty Applies

## FEATURES

- Precision - Double ground tri-point for enhanced cutting performance and fast waste removal.
- High Compatibility - Compatible with standard drill drivers and drills with a 10/13mm standard chuck.
- Multi Purpose - Suitable for drilling holes in softwood, medium hardwood, particle board, plasterboard and plastics.
- Draper Quality - Reliable Draper Tools quality guaranteed.

## DESCRIPTION

This hex shank flat wood drill bit has a precision double ground tri-point for fast waste removal and enhanced cutting performance. Made from hardened and tempered carbon steel. Suitable for drilling holes in softwood, medium hardwood, particle board, plasterboard and plastics. The hex shank prevents the bit from slipping from the chuck, enabling a quick change. Compatible with standard drill drivers and drills with a 10/13mm standard chuck.
