DESCRIPTION

This cordless glue gun is part of the DXPULSE 12V Interchange Series. It is lightweight and compact, equipped with a two-finger trigger for enhanced control and a handy LED worklight. It is ready to use after a 15 second warm-up and the soft grip handle ensures comfort during extended use. It is powered by a 12V lithium-ion battery, and there is an LED battery level indicator. Comes complete with 1 x 2.0Ah battery, 1 x charger and ten glue sticks.

The DXPULSE 12V Interchange Series enables users to combine one battery with any of the DXPULSE 12V tools

CONTENTS
