DESCRIPTION

Explore the versatile features of the BUNKER modular workbench frame. Measuring 1243mm, this workbench frame is constructed from high-quality steel to provide ultimate durability and longevity.

With an adjustable working height ranging from 787mm to 1,092mm, you have the flexibility to tailor it to your preferences for optimal comfort and efficiency. The frame also features pegboards on both sides for convenient and accessible tool storage. Moreover, the adjustable feet can be replaced with castor wheels to transform it into a mobile workbench and trolley. It is compatible with 54" hardwood and stainless steel worktops.

Ready to assemble design and supplied with all the required fittings. Shop BUNKER online via our online stockists.
