

**Draper Expert 230V High Flow Drum Fan, 24"/600mm, 330W**

**STOCK No.** 99623    **BRAND** Draper Expert

**BARCODE** 5010559996230

**WARRANTY** 12 months parts and labour

**FEATURES**

- Two rubber wheels and a pull along handle for easy manoeuvrability
- 360° rotation for maximum air flow
- Ideal for industrial environments
- 330W motor with 2-speed switch
- Mains cable 2 meter

**DESCRIPTION**

Fan ideal for use in large spaces, due to the high efficiency motor, which drives a high output fan. The fan features a two speed switch and is mounted in a tubular steel cradle allowing 360° rotation for maximum air flow directional flexibility. The frame is fitted with dual wheels and sturdy handles for easy manoeuvrability.

**CONTENTS**

1 x Draper Expert 230V High Flow Drum Fan, 24"/600mm, 330W

**SPECIFICATIONS**

|                 |                         |
|-----------------|-------------------------|
| Voltage         | 230V                    |
| Frequency       | 50Hz                    |
| Diameter        | 24"                     |
| Air flow volume | 4.017m <sup>3</sup> /h  |
| Noise level     | 87dBA                   |
| Dimensions      | W 790 x H 780 x D 270mm |
| Weight          | 21kg                    |
| Rated input     | 330W                    |
| No of speeds    | 2                       |
