### FEATURES

- Made from chrome vanadium steel with protective coating
  - Auto heavy-duty spring loaded return and locking jaws grip for effective wire twisting
  - Tapered jaws with wire cutters for use in confined spaces
  - Locking buckle prevents wire falling off during stranding
  - Maximum wire capacity: Twist 0.8mm and cut 0.55mm (diameter)
- 

### DESCRIPTION

These wire twisting pliers are made from chrome vanadium steel and have a protective coating for durability. They are equipped with an automatic heavy-duty spring loaded return and locking jaws that grip securely for effective wire twisting. The tapered jaws allow for use in tight spaces. There is a locking buckle to prevent the steel wire from falling during the stranding process.
