DESCRIPTION

The BUNKER® modular floor reel cabinet, featuring two spacious drawers, is designed to streamline the organisation of cable and air hose reels, keeping your workspace tidy and efficient. Capable of securely holding up to three reels (not included), this cabinet is an essential storage solution for workshops, garages, or industrial spaces where managing cables and hoses can be a challenge. In addition to its reel storage, the unit boasts two additional drawers equipped with smooth, soft-close runners and foam linings, providing a safe and organised place to store tools, accessories, or equipment.

The durable aluminum handles offer a sleek, modern touch while maintaining strength and longevity for daily use. For enhanced security, the cabinet comes with an integrated locking system, complete with two keys, giving you peace of mind that your tools and equipment are securely stored when not in use.

Installation is made simple, as the BUNKER® modular floor reel cabinet comes with all the necessary fittings and instructions for quick assembly upon delivery. Find your nearest stockist online to order your BUNKER® today.
