

Tiller, 450mm, 1500W

STOCK No. 97929 **BRAND** Draper

BARCODE 5010559979295

WARRANTY 24 months parts and labour

FEATURES

- Six robust rotors
- Width adjustable blades up to 450mm
- Safety switch
- Electronic brake
- Fold-down handles for easy storage
- Rear wheels for ease of transport

DESCRIPTION

This lightweight and simple to use tiller will have borders, vegetable plots or allotments turned super quickly. It saves valuable time and effort compared to using a fork or spade. The adjustable blades allow the user to work in tight spaces, such as flower beds or with the addition of the two outer rotors, the work area can be easily increased. The six hard-wearing rotors are manufactured from hardened steel and will go to a depth of 220mm, deep enough to free up compacted earth and allow air into the mix. This will also enable easy weed removal, the addition of fertilisers and soil improvers and facilitates bulb planting in the spring. The tiller features a safety switch that ensures it can't be started up accidentally; the user needs two hands to commence operation. The electronic brake ensures that the motor will stop and the blade stops spinning, the instant the trigger is released. This tiller features a powerful 1500W motor, wheels to aid manoeuvrability and fold-down handles to facilitate storage in an overcrowded shed. This is a practical solution to improving a garden or allotment.

CONTENTS

1 x 1500W Tiller, 450mm

SPECIFICATIONS

Voltage/frequency	230V/50hz
Input output	1500W
No load speed	400rpm
Working width	330-450mm
Working depth	220mm
Blade size	205mm diameter
Cable length	10m
Weight	11kg
