FCC Compliance Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Use of Trademarks, Registered Trademarks, and other Protected Names and Symbols

This manual may make reference to trademarks, registered trademarks, and other protected names and/or symbols of third-party companies not related in any way to StarTech.com. Where they occur these references are for illustrative purposes only and do not represent an endorsement of a product or service by StarTech.com, or an endorsement of the product(s) to which this manual applies by the third-party company in question. Regardless of any direct acknowledgement elsewhere in the body of this document, StarTech.com hereby acknowledges that all trademarks, registered trademarks, service marks, and other protected names and/or symbols contained in this manual and related documents are the property of their respective holders.

Product Overview

Front View

Packaging Contents

- 1x 3-Port Multi Monitor Mini DisplayPort to DisplayPort® MST Hub
- 1x Power Adapter
- 1x Instruction Manual

System Requirements

- Mini DisplayPort 1.2 enabled computer system/video card
- Up to 3 DisplayPort enabled display devices (e.g. monitor) with cabling

Installation

1. Ensure your computer system and DisplayPort Displays are powered off.
2. Connect the integrated Mini DisplayPort cable into the Mini DisplayPort connector on the host computer system/video card.
3. Connect the DisplayPort monitor/display device(s) into the DisplayPort #1/#2/#3 connectors on the MSTMDP123DP MST Hub.
4. Power on the monitor/display device(s).
5. Turn on the computer system.
6. The system will now detect the MST Hub, and add the attached displays to the Display Settings of the System.

Microsoft® Windows® Operation

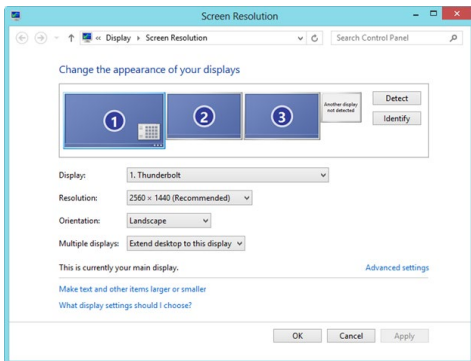

With a DisplayPort 1.2 compatible video card, Microsoft Windows® will recognize the individual Displays (up to 3) and can either Extend or Duplicate the main Monitor.

Adjust video settings in Microsoft Windows®

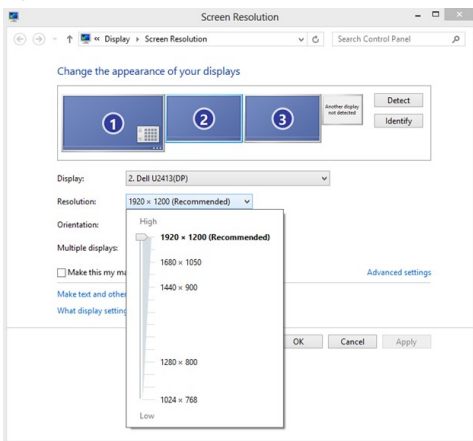

1. Right click the Windows Desktop and select “Screen Resolution”. The Display Settings window appears.

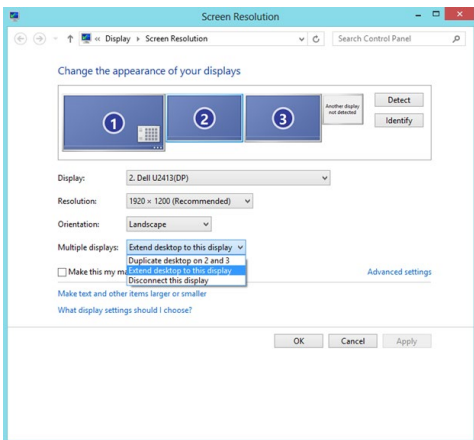

NOTE: Each monitor connected is represented by a number displayed under “Change the appearance of your displays”. To determine which number corresponds with each display click the Identify button.

2. To adjust the Resolution, click on the number that corresponds with the monitor you wish to adjust, and select the drop down menu next to “Resolution:”.

3. To Choose whether the Monitor will Duplicate or Extend your main Monitor, select the number that corresponds with the Monitor you wish to adjust, and select the drop down menu next to "Multiple Displays": "Extend these displays" will extend your monitor main onto the selected monitor. "Duplicate these Displays" will show the same image as your main monitor on the selected monitor.

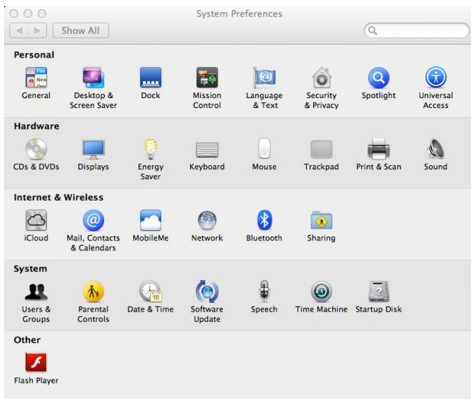

Apple OS X® Operation

With a DisplayPort 1.2 compatible video card Apple OS X® will extend your Desktop onto the secondary monitors, and allow you to span a single Desktop expansion across each monitor connected to the MSTMDP123DP.

Adjust Video settings to allow Spanning across all connected monitors in Apple OS X®

1. Click System Preferences-> Displays

2. To Span the length of the attached monitors select a wide resolution from the "Resolutions" selection pane. Anything beyond your main monitors max resolution will extend onto the secondary monitors.

3. To place your spanned monitors, select the Arrangement tab. Your Main display will be shown with the spanned monitor next to it. You can click and drag to match your physical Monitor arrangement.

Supported Video Resolutions

Resolution	Refreshing Rate	Reduced Blanking	Pixel Frequency
2560 x 1600	60Hz	RB	268 MHz
1920 x 1080	60Hz	RB	148.5 MHz
1600 x 1200	60Hz		162 MHz

Specifications

Video Signal	DisplayPort
Number of Ports	3
External Connectors	1x Mini DisplayPort Male 3x DP Female
Maximum Display Resolution	One Display: 2560 x 1600 Two Displays: 1920 x 1200 Three Displays: 1920 x 1200

Warranty Information

This product is backed by a two year warranty.

In addition, StarTech.com warrants its products against defects in materials and workmanship for the periods noted, following the initial date of purchase. During this period, the products may be returned for repair, or replacement with equivalent products at our discretion. The warranty covers parts and labor costs only. StarTech.com does not warrant its products from defects or damages arising from misuse, abuse, alteration, or normal wear and tear.

Limitation of Liability

In no event shall the liability of StarTech.com Ltd. and StarTech.com USA LLP (or their officers, directors, employees or agents) for any damages (whether direct or indirect, special, punitive, incidental, consequential, or otherwise), loss of profits, loss of business, or any pecuniary loss, arising out of or related to the use of the product exceed the actual price paid for the product. Some states do not allow the exclusion or limitation of incidental or consequential damages. If such laws apply, the limitations or exclusions contained in this statement may not apply to you.

Hard-to-find made easy. At StarTech.com, that isn't a slogan. It's a promise.

StarTech.com is your one-stop source for every connectivity part you need. From the latest technology to legacy products — and all the parts that bridge the old and new — we can help you find the parts that connect your solutions.

We make it easy to locate the parts, and we quickly deliver them wherever they need to go. Just talk to one of our tech advisors or visit our website. You'll be connected to the products you need in no time.

Visit www.startech.com for complete information on all StarTech.com products and to access exclusive resources and time-saving tools.

StarTech.com is an ISO 9001 Registered manufacturer of connectivity and technology parts. StarTech.com was founded in 1985 and has operations in the United States, Canada, the United Kingdom and Taiwan servicing a worldwide market.
