

Standalone 2.5 / 3.5" SATA Hard Drive Duplicator w/ Multi HDD / SSD Image Backup Library

StarTech ID: SATDUP11IMG

The SATDUP11IMG standalone SATA hard drive duplicator, lets you create an exact duplicate of a SATA hard drive (HDD) / solid state drive (SSD), or create a single backup library drive containing multiple images you can copy to additional drives at any time.

Fast, Simple Drive Duplication

Reduce clutter with the SATDUP11IMG eliminating the number of drives required when creating backups of multiple unique drive images. Using a single backup library drive, you can store several unique drive images on a single SSD / HDD, ensuring fast duplication at 6 GBpm and minimal clutter. This is an ideal solution if you frequently re-image different computer systems, because it means you'll only have to carry a single backup library drive to restore multiple drive images onto different systems.

Hassle-free Performance

The versatile duplicator also offers standard one-to-one drive duplication in three different modes: file & system copy, all partitions copy and whole copy. This is ideal for one-time drive duplication, eliminating the hassle of creating a drive image for a one-time project.

Intuitive Operation

With an easy-to-read LCD display and intuitive four-button menu operation, the SATDUP11IMG ensures hassle-free setup and control. The menu gives you push-button access to many value-added features that ensure simple task management such as: drive to drive duplication, drive to Image library backup and restore, and many more. It also provides numerous advanced setup options for experienced users.

The SATDUP11IMG is TAA compliant and backed by a 2-year StarTech.com warranty and lifetime technical support.

Applications

- Forensic investigators who require disk sector imaging/cloning to create an exact replica of a source drive onto a different drive
- Professionals who require identical backups for when data integrity is crucial, such as data recovery
- Clone hard drives that contain hidden partitions, that some software disk cloning programs may skip
- System builders / IT specialists who require multiple unique drive images for different types of system builds

Features

- Multi-image library drive for hassle-free duplication
- Three modes of hard drive duplication including Sector-by-Sector at 6 GBpm
- Supports 2.5in or 3.5in form factor hard drives (HDD) or solid state drives (SSD)
- Digital LCD Display for operation and task progress
- Supports SATA revision I/II/III (1.5/3.0/6.0 Gbps) drives
- Universal Power Adapter (NA/UK/EU)
- TAA Compliance (Trade Agreement Act)

Technical Specifications

Warranty	2 Years
Interface	SATA
Number of Drives	2
Drive Size	2.5in & 3.5in
Compatible Drive Types (Type and Rate)	SATA
Drive Connectors	2 - SATA Data & Power Combo (7+15 pin) Receptacle
Maximum Data Transfer Rate Type and Rate	6 Gbps SATA III (6 Gbps)
Max Drive Capacity	Currently tested with up to 6TB 7200 RPM 3.5" hard drives per bay and 1TB 7200 RPM 2.5" hard drives per bay
Note	For duplication, the destination drive must be of equal or greater size than the source drive.
Product Length	80 mm [3.1 in]
Product Width	130 mm [5.1 in]
Product Height	30 mm [1.2 in]
Product Weight	358 g [12.6 oz]
LED Indicators	1 - Source Drive Power Indicator
LED Indicators	1 - Source Drive Activity Indicator
LED Indicators	1 - Source Drive Error Indicator
LED Indicators	1 - Destination Drive Power Indicator
LED Indicators	1 - Destination Drive Activity Indicator
LED Indicators	1 - Destination Drive Error Indicator
LED Indicators	1 - LCD Display
Input Voltage	100 ~ 240 AC
Input Current	1.4A
Output Voltage	12 DC
Output Current	5A
Center Tip Polarity	Positive
Operating Temperature	5°C to 45°C (41°F to 113°F)
Storage Temperature	-20°C to -85°C (-4°F to 185°F)
Humidity	20% ~ 80%
Shipping (Package) Weight	1.6 kg [3.5 lb]
Included in Package	1 - 1:1 HDD/SSD Duplicator
Included in Package	1 - Long SATA cable

Included in Package	2 - Short SATA cable
Included in Package	1 - eSATA + 12V power cable (Type M power connector)
Included in Package	1 - eSATA + 5V power cable (Type F power connector)
Included in Package	2 - HDD/SSD pads
Included in Package	1 - Universal power adapter (UK/NA/EU)
Included in Package	1 - Instruction Manual
