

## Technical Data Sheet

<p><b>General</b></p> <p>Article number: 906011, 906012, 906013</p> <p>Description: Stegoband Classic</p>	
<p><b>Specifications</b></p> <p>Stegoband is available in 3 different sizes:</p> <p>Art.no. 906011 Type I (25 mm x 10 m - 1" x 11 yards) for covering the gaps between body parts.</p> <p>Art.no. 906012 Type II (18 mm x 10 m - 3/4" x 11 yards) for covering windshield rubbers.</p> <p>Art.no. 906013 Type III (9 mm x 10 m - 3/8" x 11 yards) for covering glued windshields.</p> <p>Color: White Temperature resistance: Max. 110°C for 60 minutes.</p> <p>Packing unit: Per roll in a dispenserbox. 24 rolls per carton.</p>	
<p><b>Remarks</b></p> <p>Designed specifically for masking jobs on hard to reach places.</p> <p>Push the reinforced side (PETP) under the rubber seal of the windshield. The adhesive side should be towards the area to be covered.</p> <p>After removal of the paper liner from the tape, apply the tape so that the rubber windshield seals are in an open position (or the body seem is shut off). Doing so a better result will be achieved during the paint process and it is time saving solution as disassembling is no longer needed.</p>
