Disposable Nitrile Gloves Black

Specially developed for use during the painting process, offering comfort and protection!

Not just any glove is suitable for use in the painting process. When working with paints, protection of the painter is of the utmost importance. Besides providing protection for the user, it's also vital that gloves protect the paint from contamination. Paint is, together with labour, the most expensive component in a paint processing company. Colad nitrile gloves prevent hairs, skin fibres and skin grease from coming into contact with the paint and protect the user against chemical splashes.

- Thickness 6 mil (0.15 mm)
- Long sleeve (length 285 mm)
- Textured finger tips for better grip
- Especially suitable for working with paints and solvents

Personal Protective Equipment (PPE)

Personal Protective Equipment (PPE) CAT III according to European directive 2016/425/EU. PPE of complex design protects against risks that cause irreversible damage to health.
