Colad Prepping Paste

Degrease, clean and matt in one go with Prepping Paste.

Colad Prepping Paste degreases, cleans and mattes the surface in one go. The Prepping Paste is best applied with a Colad Scuff Sheet Type S (art. no. 38001500). The paste is used during the pre-treatment. The result of the pre-treatment with Prepping Paste is an optimally matted, clean and grease-free surface, which, after drying, is ready to be painted or used as a fanning zone. Colad Prepping Paste can ensure a tighter, more even and better paint result. Harmless to the environment. It is ready-to-use packed in a bottle, 600 g.
