Hamach HR 1400 Spray Gun Cleaner

Cleaning your spray gun in between jobs is a time-consuming task. The quick and compact Spray Gun Cleaner HR 1400 increases your productivity by enabling you to clean your spray gun from leftover waterborne paint in a matter of seconds! It limits your time loss and gets the highest efficiency out of your disposable cup system. It contributes to a clean and safe working environment due to its integrated and suitable cans. The cleaner is durable and easy to clean thanks to its stainless steel body. Easy to operate in just three simple steps: Jet, Flush and Dry!

Benefits of the Spray Gun Cleaner:

- Environment-friendly: limited use of water and limited waste
- No messy cleaning with inadequate squeezing bottles
- Integrated jerry cans (no cans on the floor)
- Easy to use: Jet, Flush and Dry!
- Made from stainless steel
