SPRAY GUN CLEANER

YOU'RE GUARANTEED A CLEAN AND DRY SPRAY GUN WITHIN SECONDS!

Cleaning your spray gun in between jobs is a time consuming task. The quick and compact Hamach Spray Gun Cleaner increases your productivity by enabling you to clean your spray gun from leftover water based paint in a matter of seconds!

This compact cleaning device is easy to operate in three simple steps: Jet, Flush and Dry.

It limits your time loss and gets the highest efficiency out of your disposable cup system. It contributes to a clean and safe working environment due to its integrated and sustainable cans and is durable and easy to clean thanks to its stainless steel body.

Easy to use
Jet, Flush and Dry

Jet

The combination of water and compressed air blows out any left-over paint in the spray gun's adaptor.

Flush

A steady flow of water flushes the paint channel, washing away all left-over paint. Clean the nozzle, using the brush.

Dry

Quickly blow-dry the gun with compressed air and you are ready for your next color.
