

PHANTOM

For sliding wooden room dividers weighing up to 45kg

If a silent sliding mechanism is a priority, Phantom really delivers. Made for wooden doors weighing up to 45kg, between 610 – 915mm wide and 30 – 50mm thick, it can effortlessly divide virtually any room in a variety of environments. Phantom is ultra-quiet, frictionless and easy to operate. Two kits can be used to create a double door specification.
