182 x 30
- Mail collector slot
opening:
197 x 20

Measurements in mm

COLOUR

Aisi 304/ E-5757

* 157572

EXTRAS

- Double function: It can also be used as a mail collector.
- Modular assembly possible for clustering (Unit not available with holes for lateral fixing)

Numerous mailboxes can be assembled together in confined spaces. Combined with a letterplate correspondences may be inserted in an external wall and collected in the interior, creating a thru-wall mailbox.
