

# INTERFLON

## METAL CLEAN F

### Powerful food grade cleaner with F-Active technology

Powerful, readily biodegradable food grade (NSF-H1) cleaning and degreasing agent. Incorporating a powerful spray jet means dirt and grease in hard to reach places is easily removed

Interflon Metal Clean F cleans and degreases surfaces, machine parts and chains, but can also be used as a contact cleaner. It is particularly suitable for removing oil, grease, tar, resin, silicones, ink, brake fluid, paint and glue residues, etc. Frequently used as replacement for acetone, white spirit, paraffin, trichloroethylene and toluene, allowing to reduce number of cleaners.

#### Key Advantages:

- Cleans and degreases rapidly and effectively
- Evaporates quickly and leaves no residue
- Spray jet easily flushes dirt away
- Non-corrosive cleaner
- Aerosol can be used in every position

#### Applications:

- Machine Parts
- Bearings
- Chains
- Tools
- Brake Systems
- Locks
- Gear Wheels etc...

## METAL CLEAN F

### Powerful cleaner and degreaser with F-Active technology

Interflon Metal Clean F is NSF approved for use in the food industry (NSF-H1), while processing food stuff and pharmaceuticals. Has a mild odour, dries quickly and leaves no residue. **Do not use on rubber, plastic and security glass.**

#### Distinctive Properties:

- Readily biodegradable
- Suitable for use in the food industry
- Does not contain any chlorinated solvents
- Easily cleans hard to reach places

#### Practical example:

##### Cleaning and degreasing

Lubricants perform better after professional cleaning / degreasing. As such, removing dirt and oil, grease, tar residues, etc., is essential for optimal efficiency of high-performance lubricants.

#### Our solution

Interflon Metal Clean is a replacement for acetone, white spirit, paraffin, and much more...

#### Result:

Cleans and degreases rapidly and effectively.
