

### Weather Proof Laminated Padlock

#### Features

- Steel lock body with laminated case
- PVCu case cover to protect surface
- Molybdenum hardened steel shackle
- Molybdenum stainless steel used in the manufacture of missiles, air crafts and within the power industry, gives the padlocks a smooth surface finish and enhanced corrosion resistance
- Hardened steel shackle, protects it from sawing and cutting
- Anti Bump, Anti Pick and Anti Drill cylinder protection
- 5 pin Brass cylinder
- Dual stainless steel ball locking ensures the shackle is protected against potential pull attacks
- Sliding key hole cover to prevent dust penetration
- Available in 45mm and 55mm versions
- For storerooms, garages, tool boxes, lockers, bicycles and other applications
- Easy to understand visual ERA security rating system. Number within the padlock symbol indicates the security rating and the chart demonstrates how the products security rating compares to other products within the range
- Allows consumers to purchase products at the most appropriate security level for the application
- Available clam packed for easy merchandising

45mm version

55mm version
