

## Interflon Power Wipes

### Versatile cleaning towels saturated with heavy-duty cleaning solution

#### Product description

Strong, industrial quality cleaning towels saturated with a powerful heavy-duty cleaning solution with F-Active Technology. Convenient and easy to use for cleaning tools, work area, machine parts, equipment and many other surfaces. Effectively dissolves grime, grease, oil, ink, tar, toner, paint, brake dust, soot, felt-tip stains, resin, glues, grass stains and much more. Invaluable when working at an offsite location.

Interflon Power Wipes is listed by the NSF for use in the food industry as a general cleaner (category code A1) with registration number [141508](#).

When used on equipment that will be returned to a food processing area, the product must be completely washed off and rinsed with potable water before returning the equipment to the processing area.

#### Application

Cleaning tools, machine parts and the operating environment during (dis)assembly and repair of machines, engines etc. Degreasing operating panels of machines, cranes, lorry cabins, (lawn) mowers, salvaging vehicles etc. Removing ink, stamp-pad ink, marker, toner and lubricants from cutting tables, transportation systems and printing machines.

#### Advantages

- Large, strong towels with powerful cleaning effect
- Major filth absorption capacity
- Easy and cheap to use
- Does not fluff
- Will remain damp for several hours for repeated use
- Pleasant smell
- Contains Aloe Vera
- In a re-sealable packaging so the cloths do not dry out

#### Instructions for use

Before using the Interflon Power Wipes: Remove the cover and take the tip of the first wipe from the middle of the roll and pull it through the opening in the cover. Then close the lid. To use pull each wipe out at an angle of 45° to the next perforation.

It is advisable to test a small inconspicuous area to make sure that the cleaning agent does not adversely affect or damage the surface being cleaned. Do not apply to hot surfaces. Do not use the product or allow to dry in direct sunlight.

N.B. Do not apply on Plexiglass®.
