

## DESCRIPTION

The ultra rugged case for Zebra TC22 and TC27 is designed to effectively protect your mobile computer device against shocks, scratches, dust and potential drops.

Zebra's TC22 and TC27 rugged case is made in France from high quality, impact resistant materials. The combination of these materials provides complete protection for your device while ensuring a comfortable and convenient grip for efficient work.

The Zebra TC22 TC27 case offers easy access to all ports, buttons and functions of the device, allowing you to use it easily, without having to remove the protective case. And that even during charging since the case is fully compatible with both booted and non-booted Zebra Inserts/Shims.

If you're looking for a rugged protective case to extend the life of your Zebra TC22 or TC27 mobile computer, the MOBILIS Rugged Case is ideal. With its solid, practical design and easy access to all the functions of your TC22 and TC27, it offers a complete and efficient protection for your field users.
