

DESCRIPTION

Make it on Wacom Cintiq

Wacom Cintiq creative pen display is perfectly equipped to help you begin your journey as an illustrator. Vibrant color, HD clarity and ergonomic design together with the super-responsive Pro Pen 2, offer a truly natural experience and help take your creative ideas to the next level.

Live. Dare. Create.

Create in harmony

Wacom Pro Pen 2 and Wacom Cintiq 15.6 display work together to make your creative session productive and comfortable. The screen has an anti-glare film, preventing any distracting reflections. The full HD display provides great clarity, so you can see every detail on screen. The reduced parallax also gives you full control, so your cursor is precisely where you want it. All this combines to make drawing on Wacom Cintiq feel as natural as drawing on paper.

Unlimited creativity

With EMR (Electro Magnetic Resonance) technology Wacom Pro Pen 2 will keep going as long as you do. It draws power from your Wacom Cintiq so it requires no batteries or recharging. Plus, the pen has been precisely designed so that the balance of weight, rubber grip and position of the buttons make it comfortable to use.

Made to move with you

Wacom Pro Pen 2 reacts to the tilt of your hand and immediately responds as you move, precisely capturing every stroke of your pen. With reduced parallax, your cursor appears exactly where you want it. This high level of accuracy combined with the anti-glare screen means that drawing, sketching and painting feels seamless.

The right kind of pressure.

With 8,192 levels of pressure sensitivity and a low activation force, Wacom Pro Pen 2 recognizes even the lightest pen strokes. Giving you the control you need, whatever the project.

The perfect progression

Whether you're used to creating on paper or using a pen tablet, making the switch to Wacom Cintiq will feel like a natural progression. The seamless interaction between pen and display will help improve your creative flow.

Designed to take you further

The durable duo of Wacom Pro Pen 2 and Wacom Cintiqs 15.6 slim line display are built not just for beauty, but were designed with resilience in mind. Made with scratch resistant materials, Wacom Cintiq is a creative tool you can rely on for your first project and those to come.

Work your way

With the integrated foldable legs you can go from almost flat to a 19° incline in seconds, so you get into the perfect working position while developing your concepts. An optional stand gives you even more flexible and ergonomic working positions.

Little touches make a big difference

The 3-in-1 cable that connects to your Wacom Cintiq combines power, video and data in one. It also connects to the top of the screen to avoid unwanted desk clutter. The detachable pen holder can be easily moved to either side of the display to suit your preference. Spare nibs are also stored neatly inside the pen holder, so whatever the project, the right tool will always be close to hand.

TECHNICAL CHARACTERISTICS

Brand : WACOM
Part number : DTK1660K0B
Caractéristiques :
Certification : VCCI Class B, FCC Part 15 Subpart B (class B) / C, CE, IC ICES-003 /210, RCM, KCC, BSMI, C-tick, CB, CCC, GOST-R
AC adapter output current : 3 A
AC adapter output voltage : 12 V
AC adapter power : 36 W
AC input frequency : 50 - 60 Hz
Aspect ratio : 16:9
Battery-free pen : Y
Brightness : 210 cd/m²
Cable length : 1.8 m
Cables included : AC, HDMI, USB
Colour gamut : 72%
Connectivity technology : Wired
Contrast ratio (typical) : 1000:1
Display : IPS
Display diagonal : 39.6 cm (15.6»)
Display number of colours : 16.78 million colours
Display resolution : 1920 x 1080 pixels
Energy consumption (SDR) per 1000 hours : 9 kWh
Energy efficiency class (SDR) : E
Energy efficiency scale : A to G
Harmonized System (HS) code : 84713000
HDMI ports quantity : 1
HDMI version : 1.4
Input voltage : 100 - 240 V
Manual : Y
Package type : Box
Pen grip material : Silicone rubber
Pen holder : Y
Pen included : Y
Power cable length : 1.8 m
Pressure levels : 8192
Product colour : Black
Quick start guide : Y
Resolution : 5080 lpi

Response time : 25 ms
Rubber grips : Y
Sustainability certificates : RoHS
Tablet input type : Pen
Tablet weight : 1.9 kg
Tilt angle range : -60 - 60°
USB 2:0 ports quantity : 1
USB required : Y
Viewing angle : 176°
Windows operating systems supported : Windows 10, Windows 10 Education, Windows 10 Education x64, Windows 10 Enterprise, Windows 10 Enterprise x64, Windows 10 Home, Windows 10 Home x64, Windows 10 IOT Core, Windows 10 Pro, Windows 10 Pro x64, Windows 10 x64, Windows 7, Windows 7 Enterprise, Windows 7 Enterprise x64, Windows 7 Home Basic, Windows 7 Home Basic x64, Windows 7 Home Premium, Windows 7 Home Premium x64, Windows 7 Professional, Windows 7 Professional x64, Windows 7 Starter, Windows 7 Starter x64, Windows 7 Ultimate, Windows 7 Ultimate x64, Windows 7 x64, Windows 8, Windows 8 Enterprise, Windows 8 Enterprise x64, Windows 8 Pro, Windows 8 Pro x64, Windows 8 x64, Windows 8.1, Windows 8.1 Enterprise, Windows 8.1 Enterprise x64, Windows 8.1 Pro, Windows 8.1 Pro x64, Windows 8.1 x64
Wireless pen : Y
Working area : 344.16 x 193.59 mm
