

# DACOMEX M220W Small wireless optical mouse nano USB black

## DESCRIPTION

Featherweight and reduced size!

The mini wireless optical mouse uses 64-channel transmission technology to guarantee perfect signal stability. Its scroll wheel makes navigation easy and the ability to change the sensitivity on the fly between 1000, 1200 or 1600 dpi is a real plus for adapting your movement to your applications or screens.

More product:

- Mini format
- Wireless transmission in the 2.4GHz band on 64 channels
- Optical sensitivity adjustable among 800/1200/1600dpi (dpi button)
- Integrated scroll wheel
- NANO type USB receiver with storage location under the mouse

Main Features :

- Optical sensor
- 3 buttons including 1 wheel
- 2.4 GHz wireless connection interface with nano USB dongle\*
- Resolution from 800 to 1600 dpi
- Powered by 2 LR03/AAA type batteries not included.

\*Nano USB dongle attached in a location under the mouse (battery space).
