

RS 232 / RS-422 / RS-485 Fast Ethernet Media Converter

DESCRIPTION

Serial Server over IP with 1 port (RS-232/ 422/ 485 protocols)

Compact multi protocol server!

This communication serial server over IP supports the 3 main serial protocols: RS232/ RS422/ RS485 and provides virtual COM.

TCP Client server, UDP client

- Serial port : DB9 male
- Network port: RJ-45 10/100Mbps
- Power supply included 5V/2A
- Dimensions: 97x70x26mm
- Weight : 200g

TECHNICAL CHARACTERISTICS

Brand : ATEN

Part number : SN3002P-AX

Main features :

Input connector(s) : RJ-45 Ethernet

Output connector(s) : DB-9

Input signal : 100Mbps Ethernet

Output signal : RS-232

Gender of connector A : Female

Gender of connector B : Male

Secondary features :

Power supply : External power adapter included

Industrial : No

Size : Stand-alone unit
