

DESCRIPTION

3-WAY CONNECTIVITY. MAXIMUM FLEXIBILITY.

Today's enterprise and contact center professionals work on a range of devices from PCs and Macs to mobile phones and desk phones. Savi 8200 Office Series headset bases have 3-way connectivity: computer, desk phone and mobile phone for convenient conferencing on up to two devices at once. And users can choose from three wearing styles: mono, stereo and convertible.

SINGLE CONNECTIVITY. COULD BE JUST RIGHT.

The Savi 8200 UC Series headset base connects to either a computer or supporting desk phone. For users who don't use a mobile phone for work calls, this headset is the ideal solution. The included DECT mini USB adaptor makes it easy to plug into calls on PCs/Macs or deskphones that support USB audio.

BETTER WIRELESS CONVERSATION

DECT stereo headset with active noise canceling? You found it. Users sound their best, even in noisy environments on the mono and convertible options, too. For sensitive conversations, where extra privacy is needed, users can turn up noise canceling with the Close Conversation Limiting feature. It minimizes sounds around the speaker so voices are transmitted clearly.

MORE CHOICES. BETTER ADOPTION.

Some workers like a stereo headset. Some lean towards mono. Others prefer to keep their options open. The Savi 8200 Office and UC Series headsets are a real crowd-pleaser with mono, stereo and convertible options. Plus, users can conference up to four headsets onto a single base for training and group collaboration.

TECHNICAL CHARACTERISTICS

Brand : HP

Part number : 8D3F1AA#ABB

Connectivité :

Bluetooth : Yes

Battery capacity : 700 mAh

Battery recharge time : 3 h

Battery technology : Lithium Polymer (LiPo)

Battery type : Built-in battery

Bluetooth profiles : A2DP, AVRCP, HFP, HSP

Bluetooth version : 4.2
Charging base : Yes
Connectivity technology : Wireless
DECT connectable : Yes
Ear coupling : Intraaural
Harmonized System (HS) code : 85183000
Headphone frequency : 20 - 20000 Hz
Headset type : Monaural
Impedance : 32
Microphone frequency : 100 - 6800 Hz
Microphone sensitivity : 112 dB
Microphone type : Boom
Product colour : Black
Product type : Headset
Rechargeable battery : Yes
Recommended usage : Office/Call center
Standby time : 50 h
Talk time : 13 h
USB connectivity : Yes
Wearing style : Handheld
Weight : 115 g
