

DESCRIPTION

The PLANET MGB-GT fiber transceiver provides an additional copper port.

Product benefits:

- Compliant with an SFP Gigabit slot (3.3V)
- Output signal: 1000Base-T Full Duplex
- RJ-45 UTP category 5/6 cable over 100 meters
- Auto MDI-MDiX function

Caution:

Compatible with SFP Gigabit slots or SFP dual-speed slots, but not compatible with SFP 100FX slots.

No Auto MDI-MDiX on the RJ-45 side: Gigabit operation only, even if the module is set to a dual-speed SFP slot.

TECHNICAL CHARACTERISTICS

Brand : PLANET

Part number : MGB-GT
