

Screen Protector Privacy 14 W 16:9

DESCRIPTION

These MOBILIS®-designed privacy filters keep your onscreen data away from prying eyes. This accessory is ideal for working in public places, on public transport or even in an open-plan office because you can only see your data when sat directly in front of the screen. Those on either side of you can only see a black screen. Thanks to these filters, which are compatible with all LCD or laptop screens, you can use your IT equipment with complete peace of mind. They are also compatible with touchscreens. To meet your specific needs, there are two types of installation available: for screens with bezel (installation using hanger arms) or screens without bezel (installation using adhesive strips). For the best possible usability, this privacy filter also includes a matt anti-glare finish.

Effectively protects your onscreen data from prying eyes

Only the person in front of the screen can view the displayed data (side protection)

For laptops and PCs

Compatible with most touchscreens

Easy to install - removable and adjustable

Installation kit provided

(cleaning wipes/microfibre cloth/dust protection/easy-on and easy-off)

2 attachment systems: for screens with/without bezel

Reversible: glossy finish for improved clarity; matt finish to reduce glare and the appearance of fingerprints
