

DESCRIPTION

The PLANET PoE-1200G manageable hub is a 12-port injector, which can supply the power to 12 PoE802.3af-compatible devices over RJ-45 cables.

Product features:

- 12 x RJ-45 10/100/1000 Mbps input ports
- 12 x RJ-45 10/100/1000 Mbps PoE output ports
- 1 x RJ-45 port dedicated to web-based management
- Signal strength: 48 V-15.4 W- 350mA
- Maximum PoE budget: 15.4 W
- Total output power: 200 W
- Web-based / RS-232 configuration
- 19" Rackmount/1U
- Internal power supply: 100-240 V

TECHNICAL CHARACTERISTICS

Brand : PLANET

Part number : HPOE-2400G
