

DESCRIPTION

Smoothly sketch the smallest details on paper with the new Finetip Pen for Wacom Intuos Pro (PTH-660, PTH-860). Its 0.4 mm nib and black gel ink cartridge harness our latest pen technology, meaning you can enjoy working with 8192 pressure levels and that familiar feeling of ink on paper. When used with the Wacom Intuos Pro (Medium or Large) and Wacom Paper Clip, the tablet can capture every stroke digitally while you draw. Three refills come as standard.

Finetip Pen is included in Wacom Intuos Pro Paper Edition and can be purchased as a replacement pen.
