

DESCRIPTION

SAVI 8200 OFFICE AND UC SERIES

Every conversation is clear with the Savi 8200 Office and UC Series headsets with top-quality wireless DECT audio. And connectivity is flexible, so managing calls is effortless.

3-WAY CONNECTIVITY. MAXIMUM FLEXIBILITY.

Today's enterprise and contact center professionals work on a range of devices from PCs and Macs to mobile phones and desk phones. Savi 8200 Office Series headset bases have 3-way connectivity: computer, desk phone and mobile phone for convenient conferencing on up to two devices at once. And users can choose from three wearing styles: mono, stereo and convertible.

BETTER WIRELESS CONVERSATION

DECT stereo headset with active noise canceling? You found it. Users sound their best, even in noisy environments on the mono and convertible options, too. For sensitive conversations, where extra privacy is needed, users can turn up noise canceling with the Close Conversation Limiting feature.³ It minimizes sounds around the speaker so voices are transmitted clearly.

STAY CHARGED. TAKE IT FURTHER.

With up to 13 hours of talk time on a single charge, and a hot swappable battery for unlimited talk time,⁴ Savi 8200 Office and UC Series headsets are ready to work when needed. Users can move, multitask and get more done. And convenient voice prompts notify them of mute status, wireless range limit and more.

MORE CHOICES. BETTER ADOPTION.

Some workers like a stereo headset. Some lean towards mono. Others prefer to keep their options open. The Savi 8200 Office and UC Series headsets are a real crowd-pleaser with mono, stereo and convertible options. Plus, users can conference up to four headsets onto a single base for training and group collaboration.

SEAMLESS IT MANAGEMENT

Seamless IT management

Savi 8200 Office and UC Series headsets are supported by Plantronics Manager Pro, a software-as-a-service that is sold separately. Use Plantronics Manager Pro to manage headset inventory, monitor usage and maintain devices.

CUSTOMIZE YOUR EXPERIENCE

Choose the settings to customize your headset with Plantronics Hub for desktop. Select language preference, feature settings and

call/mute notifications. Keep your device up-to-date with Plantronics Hub firmware updates.

TECHNICAL CHARACTERISTICS

Brand : HP
Part number : 8D3E9AA#ABB
Battery capacity : 490 mAh
Battery operated : Yes
Battery recharge time : 3 h
Battery technology : Lithium Polymer (LiPo)
Battery type : Built-in battery
Cables included : USB Type-A to USB Type-C
Carrying case : Yes
Charging source : USB
Charging stand : Yes
Charging time : 180 min
Connectivity technology : Wireless
Control unit type : On-ear control unit
DECT connectable : Yes
Driver unit : 3.2 cm
Ear coupling : Supraaural
Harmonized System (HS) code : 85183000
Headphone frequency : 20 - 20000 Hz
Headphone sensitivity : 118 dB
Headset type : Monaural
Impedance : 32
Mac operating systems supported : Yes
Microphone frequency : 100 - 6800 Hz
Microphone mute : Yes
Microphone noise-canceling : Yes
Microphone sensitivity : 112 dB
Microphone type : Boom
Operating keys : Answer/end call, Mute, Volume +, Volume -
Product colour : Black
Product type : Headset
Quantity : 1
Receiver included : Yes
Recommended usage : Office/Call center
Standby time : 50 h
Talk time : 13 h
USB connectivity : Yes
USB connector : USB Type-C
Wearing style : Head-band
Weight : 115 g
Windows operating systems supported : Yes
Wireless range : 180 m
Wireless receiver interface : USB
