

DESCRIPTION

The UE332C is a USB 3.2 Gen 1 extender cable for adding 20 m to the connection between a USB Type-A enabled PC / laptop and a USB-C device. With the support of up to 5 Gbps Super Speed data transfer rates, the UE332C is backward compatible with USB 2.0 and 1.1 standards, ensuring reliable data communication.

Deployment is made more flexible thanks to its lightweight, small form factor with plug-and play design, along with the multiplatform support, including Windows and macOS. The 2 screw holes on the USB-C female connector fulfill the increasing demands for secure interconnection in industrial applications. The UE332C is an ideal solution when it comes to lengthening USB connection while keeping fast, reliable data syncing performance.

TECHNICAL CHARACTERISTICS

Brand : ATEN
Part number : UE332C-AT-G
Caractéristiques :
Plug and Play : Y
AC adapter included : Y
Cable length : 20 m
Connector 1 : USB A
Connector 1 form factor : Straight
Connector 1 gender : Male
Connector 2 : USB C
Connector 2 form factor : Straight
Connector 2 gender : Female
Connector housing material : Plastic
Country of origin : Taiwan
DC-in jack : Y
Mac operating systems supported : Y
Manual : Y
Master (outer) case gross weight : 9.89 kg
Master (outer) case height : 232 mm
Master (outer) case length : 512 mm

Master (outer) case net weight : 7.98 kg
Master (outer) case volume : 40776.26 cm ³
Master (outer) case width : 342 mm
Maximum data transfer rate : 5000 Mbit/s
Operating temperature (T-T) : 0 - 40 °C
Package volume : 6796.043 cm ³
Package weight : 1.84 kg
Product colour : Black
Storage temperature (T-T) : -20 - 60 °C
USB version : USB 3.2 Gen 1 (3.1 Gen 1)
Windows operating systems supported : Y
