

BOSE- L1 Pro32 Portable Line Array System 230V EU

DESCRIPTION

This is the peak of portable PA. With the supreme clarity and output of a 32-driver articulated line array, the L1 Pro32 with a Sub 1 or Sub2 Powered Bass Module offers 180-degree horizontal coverage, the most focused vertical coverage pattern and highest SPL over distance in an L1 ever, providing intricate sonic detail, clarity and consistency. For DJs, singer-songwriters, bands and your audience the L1 Pro32 offers a truly superior experience. It gives you the power to sound your best and simply perform.

Huge bass packed in tight
The Sub1 or Sub2 offer bold bass, an optimised centre of gravity, and lots of saved space.

Fine-tune the final mix on the right device
Mix onboard and from your phone, whichever feels just right.

Take control quickly and easily
Intuitive and instant, this wireless control lets you adjust mixer settings, play back your latest mix, and fine-tune as you go.
