

DESCRIPTION

Enjoy simply better conversations with the Savi 8200 Series. Effortlessly manage PC, mobile and desk phone calls, with enterprise-grade DECT audio.

One headset for all your devices

Today's enterprise and contact center professionals work across a range of devices – from PC to mobile to desk phone. The Savi 8200 Series headset system makes call management effortless with three-way connectivity that lets you switch seamlessly between all of them. Conference two of your three devices to collaborate with colleagues or connect up to four Savi 8200 Series headsets for training or call resolution.

The sound of excellence

Savi 8200 Series delivers enterprise-grade DECT audio for a premium listening experience in two headset styles – stereo (Savi 8220) and mono (Savi 8210). Savi 8220 delivers hi-fi stereo sound, whether you're calling customers or colleagues or listening to music. And active noise canceling (ANC) blocks out background noise so you can always stay focused on what's important. Savi 8210 is ideal when you need to be dialed into calls but also hear what's going on around you. Whichever model you choose, you'll sound your best even in noisy environments. For the most sensitive environments, you can turn up noise canceling with the close conversation limiting feature (configurable in Plantronics Hub) for additional privacy.

More effectively

The Savi 8200 Series headset system helps you achieve peak performance and productivity with a range of communication features. Enterprise-grade DECT audio allows you to roam or multi-task up to 590 ft/180 m** from your PC. One-touch controls – such as call answer/end, volume up/down and mute – let you manage calls from any connected device within roaming range. Convenient voice prompts notify you of mute status, roaming range limit, and more. And with up to 13 hours of talk time on a single charge, Savi 8200 Series headsets are ready to work whenever you are.

Customize your experience

Choose the settings to customize your headset with Plantronics Hub for desktop. Check remaining talk time and select your language preference, feature settings, call and mute notifications.

Seamless IT Management

Savi 8200 is supported by Plantronics Manager Pro, a Software-as-a-Service that is sold separately. Use Plantronics Manager Pro to manage headset inventory, monitor usage and maintain devices. With actionable insights from Plantronics Manager Pro, IT can

improve business processes, employee performance and compliance.

DECT security certified

Advanced Dect wireless security. Using the latest standards in DECT wireless security, Savi 8200 series headsets keep conversations safe and secure. With eight discreet security measures, including authentication, subscription verification and encryption, confidential information remains private and secure.

TECHNICAL CHARACTERISTICS

Brand : HP
Part number : 8D3K5AA#ABB
Connectivité :
Bluetooth : Yes
2:5 mm connector : No
3:5 mm connector : No
AC adapter included : Yes
Base station : Yes
Base station colour : Black, Grey
Battery capacity : 490 mAh
Battery recharge time : 3 h
Battery technology : Lithium Polymer (LiPo)
Battery type : Built-in battery
Bluetooth version : 4.2
Cables included : USB, USB Type-C
Connectivity technology : Wireless
DECT connectable : Yes
Driver unit : 3.2 cm
Ear coupling : Supraaural
Harmonized System (HS) code : 85183000
Headphone frequency : 20 - 20000 Hz
Headphone sensitivity : 118 dB
Headset type : Monaural
Impedance : 32
Microphone frequency : 100 - 6800 Hz
Microphone mute : Yes
Microphone noise-canceling : Yes
Microphone sensitivity : 112 dB
Microphone type : Boom
Power supply connector : DC-jack
Product colour : Black, Grey
Product type : Headset
Rechargeable battery : Yes
Recommended usage : Office/Call center
Standby time : 50 h
Talk time : 13 h
USB 2:0 ports quantity : 1
USB connectivity : No
Volume control : Digital
Wearing style : Head-band
Weight : 115 g
