

DESCRIPTION

The Bose ControlCenter CV41 converter simplifies wiring when using multiple ControlCenter CC-1 zone controllers with a PS602 or PS604 PowerShare adaptable power amplifier. The CV41 converter supports up to four CC-1 controllers allowing each CC-1 to homerun to the amplifier.

TECHNICAL CHARACTERISTICS

Brand : BOSE

Part number : 768928-0010

Depth : 51 mm

Harmonized System (HS) code : 85176990

Height : 27 mm

Product colour : Black

Width : 88 mm
