

# TP-LINK TL-SG105-M2 Switch 5 ports 2.5G Multi-Gigabit

## DESCRIPTION

## TECHNICAL CHARACTERISTICS

|                                                   |                                 |
|---------------------------------------------------|---------------------------------|
| Brand : TP-LINK                                   |                                 |
| Part number : TL-SG105-M2                         |                                 |
| Main features :                                   |                                 |
| Network standard :                                | Multi-Gigabit                   |
| ODI Model Layer :                                 | Without                         |
| Management :                                      | No                              |
| Operating environment :                           | SMB                             |
| Industrial :                                      | No                              |
| Rackmount :                                       | No                              |
| PoE function :                                    | No                              |
| Power supply :                                    | External power adapter included |
| Outband console port :                            | No                              |
| Temperature supported in operation :              | 0 to 50°C                       |
| Mounting system :                                 | None                            |
| Connectors :                                      |                                 |
| Total number of ports :                           | 5                               |
| Number of RJ-45 ports :                           | 5                               |
| Number of fiber ports :                           | 0                               |
| Number of BNC Ethernet ports :                    | 0                               |
| Other ports :                                     | No                              |
| RJ-45 patch cords :                               |                                 |
| Number of 10/100 ports :                          | 0                               |
| Number of 10G ports :                             | 0                               |
| Number of ports Multi-Gigabit 10/100/1G/2.5G/5G : | 5                               |
| Number of Gigabit ports :                         | 0                               |
| Fiber optics :                                    |                                 |
| Number of 100FX ports :                           | 0                               |

|                                  |
|----------------------------------|
| Number of SFP Gigabit ports : 0  |
| Number of SFP+ ports : 0         |
| Number of ports QSFP 40G : 0     |
| Number of SFP 1G/100 ports : 0   |
| Number of SFP 100FX ports : 0    |
| <b>PoE data :</b>                |
| PoE standard : -                 |
| PoE budget (Watts) : 0           |
| Number of 15-Watt PoE ports : 0  |
| Number of 30-Watt PoE+ ports : 0 |
| Number of 60-W PoE++ ports : 0   |
| <b>Dimensions :</b>              |
| Length (mm) : 209                |
| Width (mm) : 126                 |
| Height (mm) : 26                 |
