

MINKELS CAB ASSY FMC W800-D1000-42U BK

DESCRIPTION

This server cabinet in the color black has the following dimensions: 800mm wide, 1000mm depth, 42U height. It includes a single perforated front door and perforated double door at the rear provided with swivel handles and EK-333 cylinder lock and is perfectly suited for the installation of (blade) servers, switches, patch panels, routers and storage equipment. Server cabinets are used to bring together IT equipment and the corresponding cables neatly in one place. These cabinets have everything to facilitate this in the best energy efficient and modular way. The cabinet is equipped with leveling feet adjustable up to 38mm and is fully earthed via a central earthing point. The 19inch profiles are printed with U marking with the 1st U at the bottom The 19inch is set 80mm from the front with an intermediate distance between the profiles of 740mm. Cable entry is possible via the roof at left, right and center cut outs. These cut-outs are covered with modular inserts, cover panels and brushes. Delivery includes a baying-kit set.
