

PREMIUM HIGH SPEED HDMI Cable WITH ETHERNET-1M

DESCRIPTION

The HDMI® official certification guarantees that the cord is compliant with HDMI2.0 specifications and is of outstanding quality. The QR code sticker allows you to authenticate the cord. To do this, please use the HDMI Premium Cable application, downloadable from Google Play or the App Store.

The cord was specifically designed to go beyond the standard:

- Triple shielding for optimum protection against electromagnetic interference that can be present in the environment or generated by the connected devices.
- Metal shells around the connectors providing a continuous binding between the cord and the connector.
- The connector pins are 10 times the size of that of a traditional cord, providing enhanced resistance to continuous connection/disconnection and avoiding contact failures.
- High-quality components (oxygen-free copper with tin)
- Ferrite-free jacket, facilitating the installation if you must run the cord into a conduct or bend the cord.
- The HDMI2.0 specifications are supported by the connected devices as follows:
 - o Bandwidth: 18Gbps/ 600MHz
 - o Resolution: 4K/ Ultra HD/ 2160p to 60Hz (4:4:4)
 - o 3-D support
 - o High Dynamic range
 - o Supports up to 32 audio channels up to 1536KHz sample rate
 - o Dolby Digital Plus, True HD, Digital & DTS
 - o Multiple video streams on a single screen, and multiple audio streams
 - o Display format: 21:9
 - o Audio/video flow dynamic synchronization
 - o Enhanced CEC controls

TECHNICAL CHARACTERISTICS

Brand : DEXLAN

Part number : DEX-127816

Main features :

Connection type : Cable

Signal : Audio/ Video

A Connector type : HDMI

B Connector type : HDMI

Gender of connector A : Male

Gender of connector B : Male

Length (m) : 1

Colour : Black

Secondary features :

Type : High Speed / Ethernet 2.0

Connector type : Straight

Ferrite beads : No

Material : Gold

Amplified : No
