

DESCRIPTION

TECHNICAL CHARACTERISTICS

Brand : RARITAN

Part number : DSX2-8M

Certificat :

Certification : CE, FCC 15 A, US UL

AC input frequency : 50 - 60 Hz

AC input voltage : 100-240 V

Authentication method : Radius

Console port : RJ-45

Ethernet LAN (RJ-45) ports : 8

Input current : 0.35 A

Internal modem : Y

Management protocols : SNMP

Operating temperature (T-T) : 0 - 50 °C

Power consumption (typical) : 21 W

Power source type : AC

Rack mounting : Y

Security algorithms : 802.1x RADIUS

Storage temperature (T-T) : 0 - 55 °C

USB 2:0 ports quantity : 4
