

# Fiber optic cable OM3 24 fibers tight buffered LSZH Dca

## DESCRIPTION

## TECHNICAL CHARACTERISTICS

|                                     |
|-------------------------------------|
| Brand : EKIVALAN                    |
| Part number : FOOM301-24-D-G04      |
| Main features :                     |
| Standard : Multimode OM3            |
| Type : 50/125                       |
| Use : Inside and outside            |
| Secondary features :                |
| Number of fibres per conductor : 24 |
| Fire reaction class : Dca           |
| LSZH : Yes                          |
| Colour : Black                      |
| Diameter (mm) : 8.9                 |
